Thanks Seniors

We want to thank-you seniors . . .
for treating us like individuals,
helping us to live through each hour of the day,
giving us things to hope for . . .
for the memories which made this book!!!
for guiding us each step of the way;
and especially for staying with us . . . and
leaving us — so we can go on to be like you.

Thanks Seniors . . .

Trials and Blessings

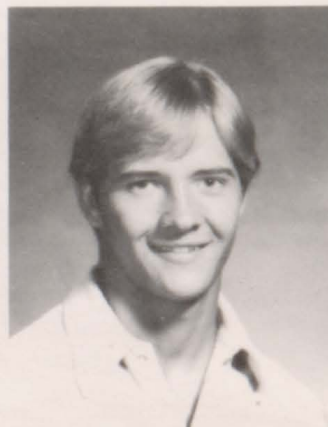

On and off the road the choir is constantly at work, either learning new music, or touching up the more familiar songs. They also had planned to have a few fund raising projects for Albion Clinic music but God supplied, and

instead a generous alumnus gave them the money they needed to buy all of the music. This was very much appreciated. The choir would like to thank Ross Garwood.

"It Takes Talent"

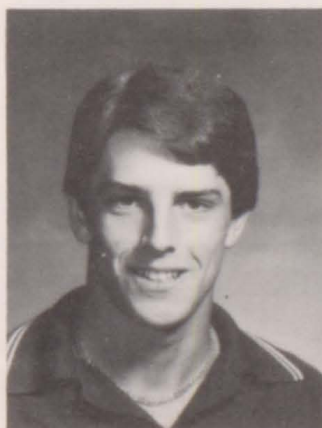

The piano is a very important tool but it needs someone who has the talent to play. Vicky Masters, our pianist, is greatly appreciated.

"They've Done It Again"

Mr. Sawyer, director of N.C.'s choir, has been here directing for 21 years and is at it again this year trying to have the finest choir ever possible! One thing he enjoys is seeing members grow spiritually and musically as they work together. He also enjoys doing concerts in various churches around the state and directing a well prepared choir in a spiritually profitable, musical program.

The Eagles' choir had about 20 appearances planned for this year. Mr. Sawyer thinks that we have good talent and looks forward every year to having a good group that can sing well and do a musically excellent and spiritually sensitive job in each program. So with the help of Mr. Sawyer and all the kids, the choir does it again.

Amid trying to find the right notes and attempting to keep time, the band stressed individual practice. This helped, as they were successful performing at a number of concerts, clinics, and contests. The Eagles' band also had some money making projects, one of which was a bake sale. Under the direction of Mr. Sawyer, they always seemed to do a good job as the band played on!

Reachout and Touch Someone

"Reach Out . . . Reach Out and touch someone . . . Reach out and just say Hi". . . These words from a catchy tune took on a different meaning at Nebraska Christian High School or did they? Reachout was usually held once a week and was a time where all the students were divided into small groups to either talk, discuss the Bible, eat, sleep, or do whatever they liked doing. These students also went swimming, ate out, went shopping, bowled, and just had lots of fun! Reachout was a time to reach out, touch someone, say hi, and get to know each other in a special way. The students would like to thank the leaders for taking the time for us and expressing their love for each of us.

Thanks . . .

"You got a Date?", "I Don't have anything to wear," "I picked up the flowers," "Am I supposed to pick up the plates from the right side or left side?", "Oops, I Spilled," the speaker for tonight will be . . . and we thank you."

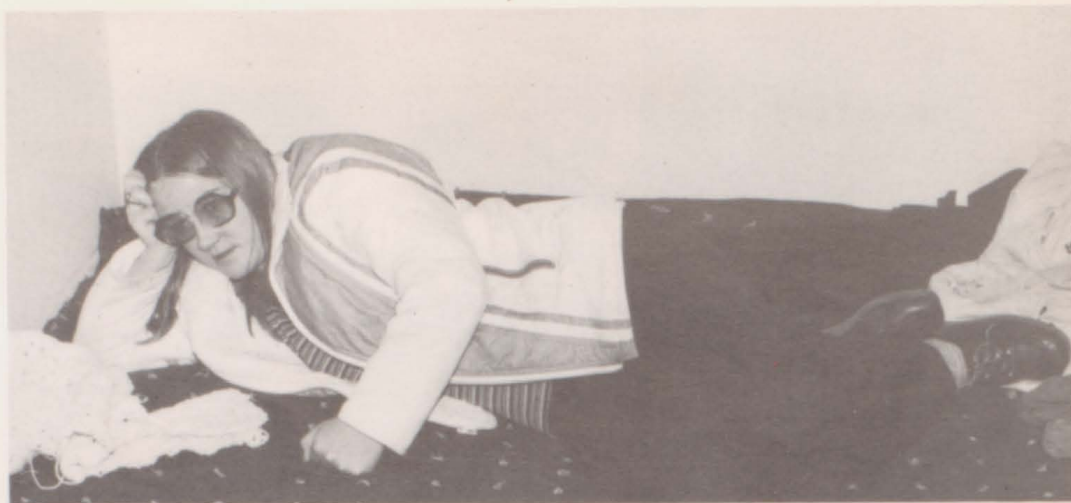

These are just a few of the comments heard during and before the Eagles' Banquet. This year's included some new things. For one thing, we had only one athletic Banquet instead of a couple. The Banquets included Fall Banquet, Christmas Dinner, Valentines Banquet and the spring athletic Banquet. Lots of work goes into these: decorating, finding speakers, cooking, and much more. N.C. always has great banquets and this year "Burp" was no exception.

First Taste of Dorm Life

Dorm meetings —
Fights?!
Bad times and good . . .
Sleep —
Cold showers!
Talks . . .
Enemies and friends —
Food!!
Devotions —
Phone calls??
Fun!!!

These are just a few of the many memories of dorm life, 1979-80, at NC. There seemed to be plenty of watermelon, water, and towel fights. In our so called "spare time" ping pong and running up and down the halls screaming seemed to be favorite pastimes. But of course we had those more serious times of praying in our prayer groups and having devotions. To sum everything up, the dorm tried to make living away from home a little more loving, liveable, and exciting.

Mr. and Mrs. Neely work very hard at making the boys' dorm an enjoyable second home here at school. They do many exciting things together such as celebrating B-days, and ice cream feeds.

The girls' dorm parents also work very hard at making the time in the Dorm enjoyable. Mr. and Mrs. Ecklund help to make life seem like a home away from home.

Grandpa Ecklund of the Girls' Dorm was voted Best Grandpa of the year award of 1979-80, because he works to make our lawn look green and beautiful and is our Monday morning door opener.

The Student Council has been very active this year. Their main objective was to relate the kids' ideas and opinions to Mr. Olson and the administration. Also they take care of the spiritual Life meetings and try to improve the school. They improved the school by moving the lockers to a better location and painting them to brighten things up. All in all the student council was very dedicated, active, and successful.

A car wash in December? You're kidding! This was only one of the wacky ideas that possessed the Insight staff this year. As you can see, trying to come up with 9 issues that were well written, well organized, and relevant to NC students, affected the thought processes of some staff members. But you can't really blame them — look what they had to do. After all, they had to decide what to write on, how to get their information, (would it be better to bug Mr. Musgrave's or Mr. Olson's office or maybe the office phones . . .), write it in an interesting form (how do I catch the reader's attention?), get the article in on time (Oh, I thought that you meant *next* Monday!). Then, after it all had been edited and typed into columns, came layout! (OH NO! I have enough for 1 more page, but not 2. We could leave page 4 blank and call it a "Space For Your Own Creativity.") All done? — not quite! Up to Lone Tree Printing to become a finished paper. Into the mailboxes it must go. Well as you can see that is enough to disturb anyone's thinking, but as we went through this every month we grew emotionally, mentally, and spiritually and tried to encourage our readers to do the same.

"Who's got a pen?" "Where are the pictures?" "Work!" "Give me some paper!" "What's a quad-pack?" "Food!" "Don't ask questions!" These are just a few of the comments heard at the Reflector staff meetings. These Monday night meetings included lots of hard work, long hours and most of all — fun. The staff strove to make the annual something special, with many new ideas and old ones which would reflect the memories and lives of the students and school. Reflector members also strove to show us, at school, growing as a tree by rivers of living waters. The annual staff grew in many ways too — we learned where the pens are, where pictures are, never to ask questions, and always to use a medium point pen on a quadpack. But most of all we grew in working together, being creative, and becoming patient.

Unforgettable Memories -

Spiritual Life

First Semester

The ringing of glasses hinted the beginning of school as we started the year on a good note with spiritual life meetings. The first week, Mr. Reimer, from South Dakota, brought us a number of messages on submission. This very talented man of God also performed on his musical glasses.

Everyone has grown and profited individually, as the ringing of the glasses fades . . .

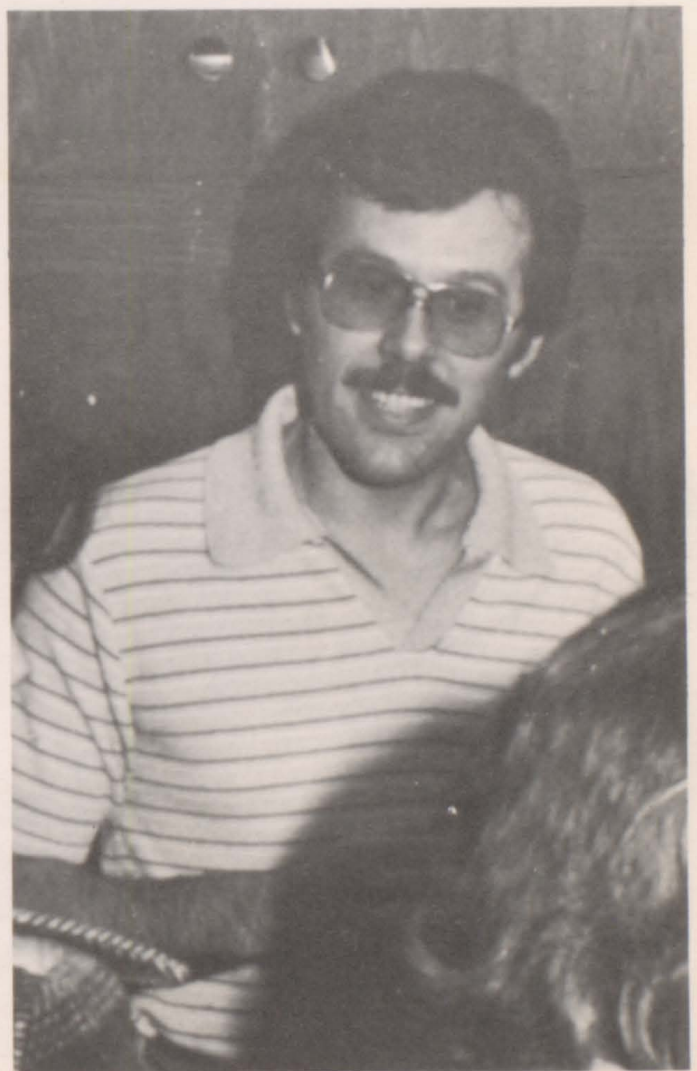

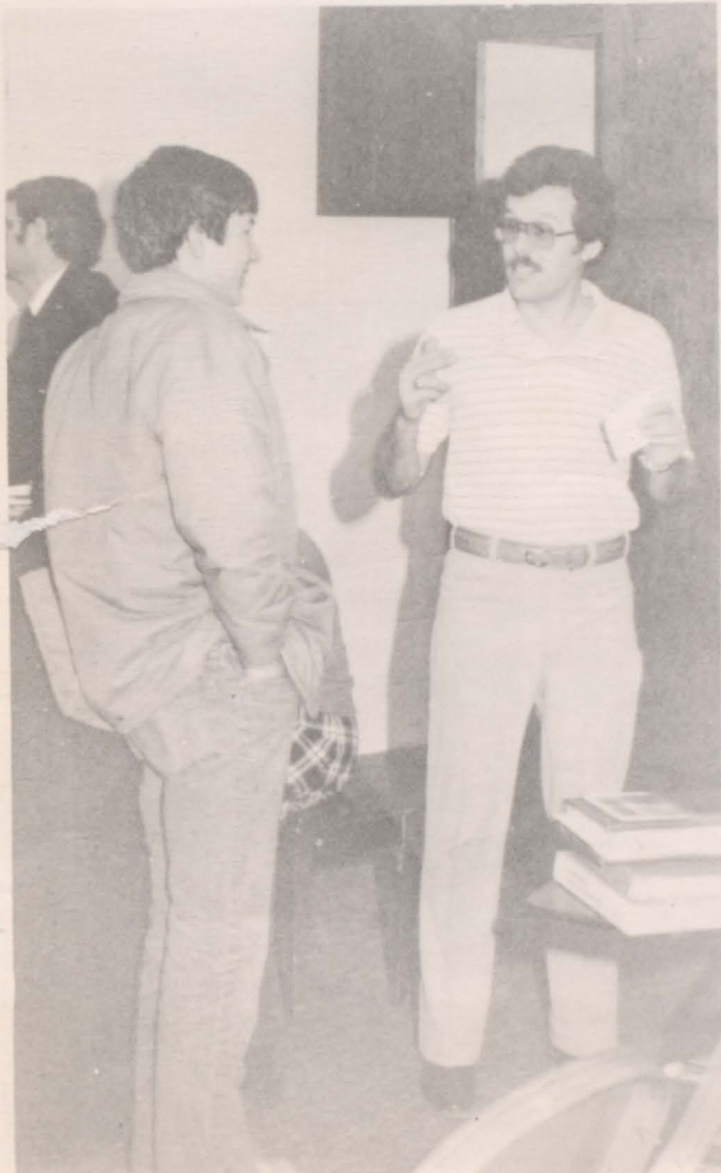

Second Semester

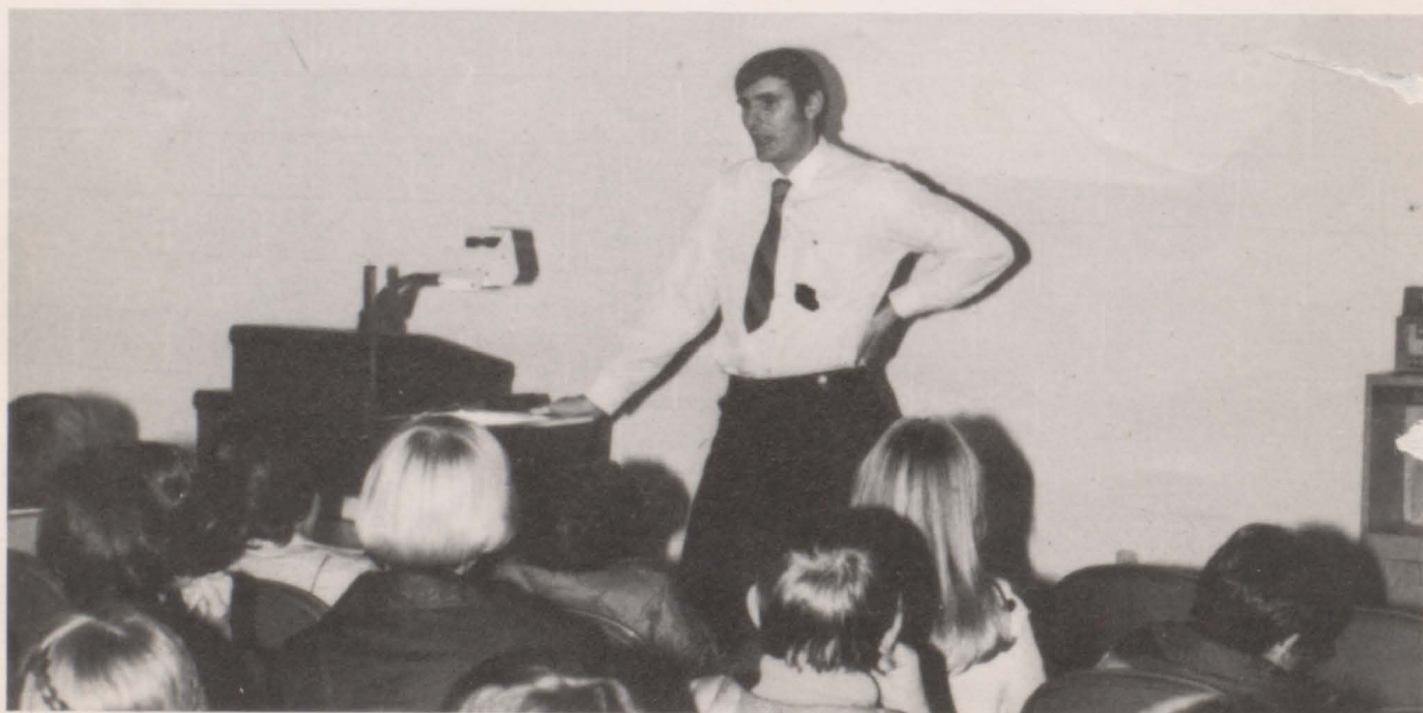

"This Guy doesn't look too old, maybe he will be alright!" "He really cared about our problems and about each one of us as an individual." These are just two of the comments that came out of the spiritual life meetings second semester. Rick Kotrous was an effective speaker and had some very relevant topics. Self-acceptance, respect for authority, and how to handle conflict were just a few of his basic themes.

Right: Rick was a winner with all students even the elementary students.

Bottom Left: Rick helped students with many problems, or just spent time discussing anything that seemed important to anyone at the moment.

*Chapel-A
Spiritually Enlightening
Time*

Opposite Page — Bottom: Mr. Musgrave spoke to us many times throughout the year. Sometimes as a Gentle!!! reminder of rules; but he had many challenges for our spiritual lives.

Top Left: The "Student of the Month" and "Athlete of the Week" were recognized once each month.

Top Right: Mr. Sawyer, having lost his baton, decides to direct the student body with a comb as they sing "Happy Birthday" to Mr. Schrieber.

Many Guest Speakers brought interesting topics to our chapel times — some just a burden that they had felt, and others, unique ways in which God had worked in their lives or the lives of people they knew.

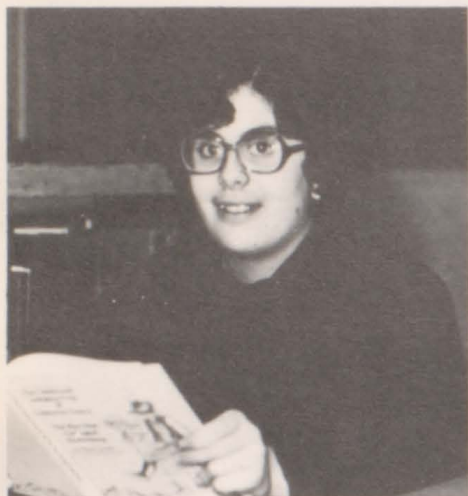

Second Semester Students

Top Left: Christine Calise, like most students, would rather read an enjoyable book than study in study hall.

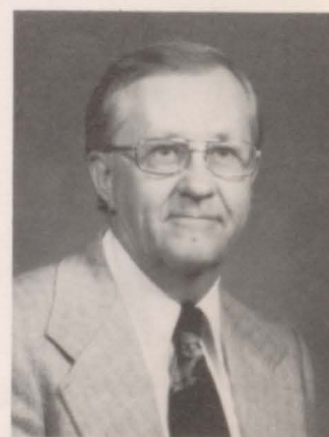

Top Middle: Joe Brunner, although a definite outdoors man, adds life to N.C.'s campus.

Top Right: The Juniors were glad to see Jim Moody come because he's a fan of their candy store.

Congratulations

To the Staff and Students at Nebraska Christian High School

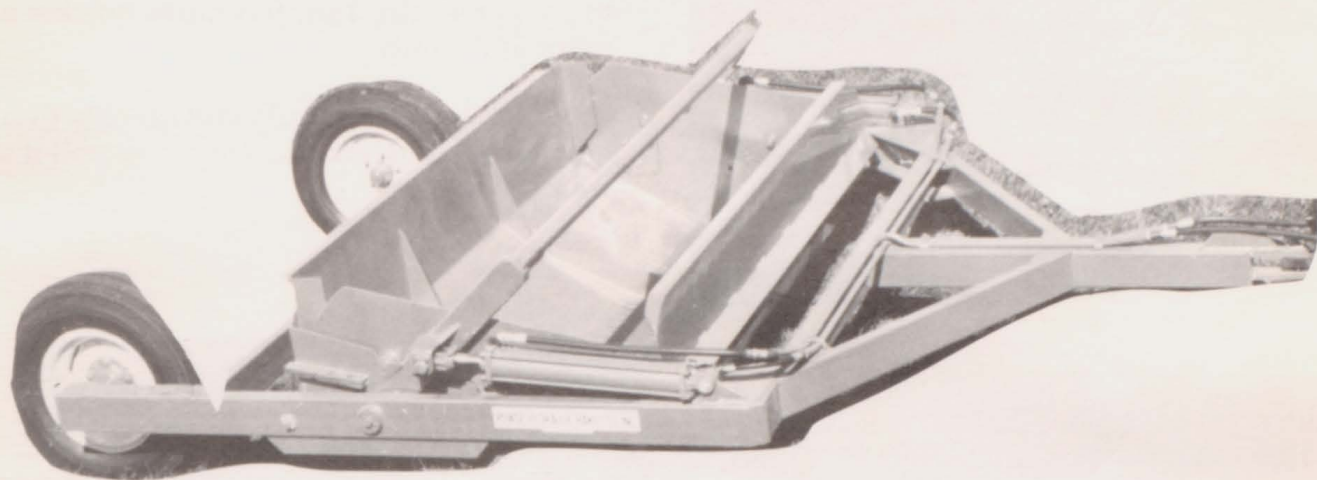

Best wishes to the graduating Seniors as you move forward on the pathway of life.

“Have two goals: wisdom — that is, knowing and doing right — and common sense.” Prov. 3:21
(Living Bible)

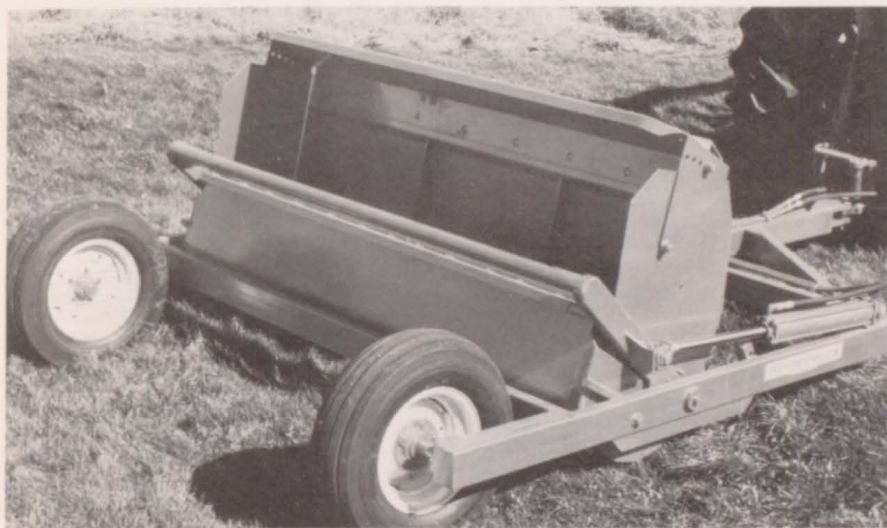

*From the Management and Staff
at Rowse Hydraulic Rakes Co., Inc.
Burwell, NE*

The Handy Earthmovers From Rowse

One of the handiest machines you will own. Shape up terraces, dig a pit silo, clean out corrals, fill in along a bunk, smooth out your driveway . . . you can do it all with this Rowse hydraulic scraper. The 8' cutting width (wider than most rear tractor treads) allows you to snug right up to a fence or a foundation. You can even hook two of these scrapers in tandem for double the earth-moving capacity.

A 60 HP tractor provides plenty of power in most soils, yet the Rowse scraper hauls a full three yards per load.

You have full hydraulic control, with just one double-acting control valve on the tractor platform. Adjust cutting depth and dumping with just a touch of the hydraulic lever. The grader-type steel blade is removable for sharpening or replacement.

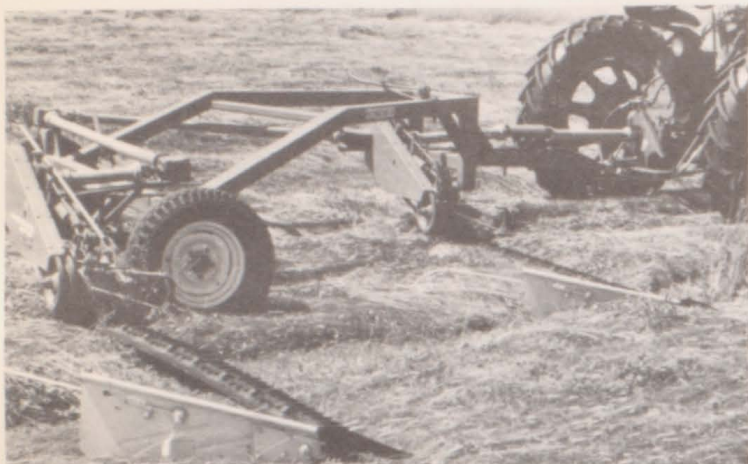

The Rowse label stands for reliability.

ROWSE

HYDRAULIC RAKES CO., INC.
Burwell, Nebraska 68823

The Real Hay Makers From Rowse

New "Quick-Attach" trailing double mower with tough, balanced head drive and 40% stronger cutter bars.

1. Choice of 7' or 9' cutter bars lets you mow 14' to 18' per swath. Your hay cures quicker and more uniformly.
2. Mower is switched easily and quickly to transport position behind tractor . . . or pull it with your pickup.

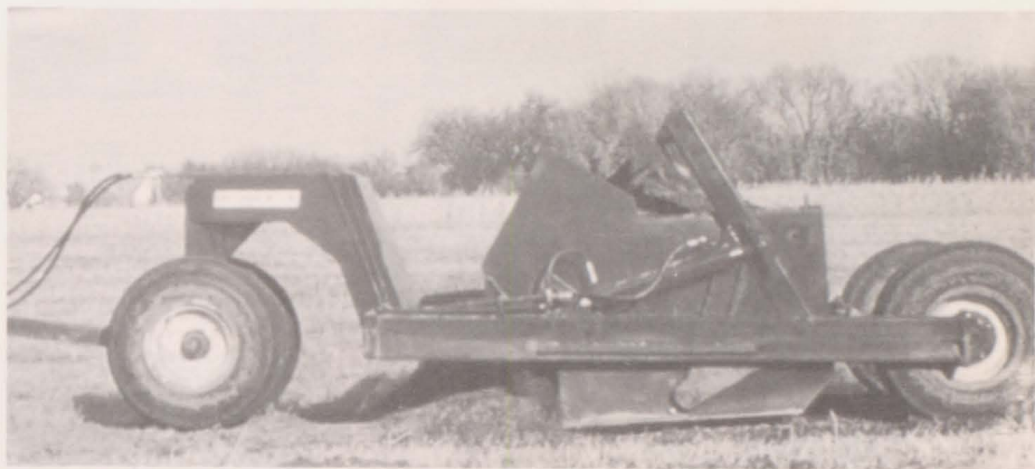

Hydraulic rakes have gained a top quality reputation for Rowse throughout range country. Some rakes have already covered 50,000 acres and more.

3. Choice of eight rakes sizes in two or three section models, with available widths from 16' to 42'. Positive hydraulic action gives you precise control of windrow size.
4. Convenient transport position so you can move your Rowse rake easily from field to field. For longer distances, it pulls easily behind a pickup at near highway speed.

"And he showed me a river of the water of life, clear as crystal, coming from the throne of God and of the Lamb, in the middle of its street. And on either side of the river was the tree of life, bearing twelve kinds of fruit, yielding its fruit every month; and the leaves of the tree were for the healing of the nations. And there shall no longer be any curse; and the throne of God and of the Lamb shall be in it, and His bond-servants shall serve Him; and they shall see His face, and His name shall be on their foreheads. And there shall no longer be any night; and they shall not have need of the light of a lamp nor the light of the sun, because the Lord God shall illumine them; and they shall reign forever and ever. Blessed are those who wash their robes, that they may have the right to the tree of life, and may enter by the gates into the city.
